

Notice Regarding On-Line Payments

To all customers of Muhlenberg Township Authority:

If you would like to make a payment on-line, please make sure you are going to “our” website at www.muhlenberg.org to do so. We have had several calls from customers saying they used a site called DOXO to make their on-line payment, only to find that the fees they were charged shocked them. When paying on-line through the Authority’s website, you will still be charged a fee, however, not what DOXO is reportedly charging. The Authority’s credit card company charges \$3 for the first \$100, and \$1 for each \$33 dollars after. The Authority chose to go this route to eliminate a monthly bill for credit card services, which would have to be covered by the rates we charge to our customers, even if they do not use the service. This way, it is the customer’s choice to use the service or not. The Authority does NOT receive any money from the credit card service.
