

MUHLENBERG TOWNSHIP AUTHORITY NEWS

Muhlenberg Township Authority will be starting a Pay On-Line option for water and sewer bills using Credit Card in the near future. We will be posting all of the details and information on the Authority website at www.muhlenberg.org and in the Authority office. We will also be accepting credit card payments in the Authority office and at the 210 George Street location. We will NOT accept credit cards at the drive through window.

In July of 2017, Muhlenberg Township Authority will be painting the elevated water storage tank at Stoudts Ferry Bridge Road and Tuckerton. The project will require the installation of a tent around the entire tank for sandblasting and paint containment. If any resident has a question or concern, please contact the Authority office at 610-929-4709.
